ISPC
Information Services Policy Committee

- **Purpose**
 - The purpose of the ISPC is to initiate, review, and recommend to the Mayor, City Council and the County Board policies that promote and facilitate effective delivery of information-processing services to all users

ISPC
Information Services Policy Committee

- **Five Members**
 - County elected official
 - County non-elected official
 - City elected official
 - Mayor representative
 - City Finance Director

GAIC
Government Access and Information Committee

- **Purpose**
 - The purpose of the GAIC is to review and recommend to the Information Services Policy Committee policies that promote and facilitate effective delivery of government information to internal and external users of the government data processing system. City and County agencies shall be required to participate in the government access system unless the agency's information is privileged information or otherwise restricted by law. Only City and County agencies or contracted government services entities will have data files residing on the government access system.

GAIC
Government Access and Information Committee

- **Members**
 - three (3) representatives from the general public who will be nominated by the Mayor and approved by the City Council and County Board; five (5) rotating representatives from departments in the County, City and Lincoln Electric System; and the County Records and Information Manager, who will serve as a non-voting, ex-officio member
